### Spec-Sheet:-

- Micro fibre polyester
- Hook and loop attachment on belt
- Full Sublimation

## MMA CAGE

### FEATURES

- Diameter 9m (30ft.)
- Floor height 1m (3.2 ft.)
- Wide catwalk 1m (3.2ft.)
- Floor padding 3cm
- Padding on the frame is reconstituted Rubber Crumb foam similar to what is used inside Judo tatami. This ensures that the frame will always remain protected as this foam is high density with zero memory.
- Mesh is permanently attached to the frame (no zip or cheap cable ties needed). This makes the level of protection structural and the panels can be mounted as a restrictive barrier on a raised mezzanine level with peace of mind.
- Additional reinforcement: Behind each panel are a series of metal bars that crossover in a X like pattern giving additional reinforcement to stop the mesh from sagging under heavy use.
- 5mm PVC coated mesh: non abrasive mesh designed for an MMA cage.
- Heavy Duty Vinyl flooring: Easy to clean (just mop) and non abrasive and non Slip making it ideal for MMA use because of the mix of stand up and ground work involved. (if an excessive amount of water is on the floor it will need to be mopped up as excessive amounts will make the floor slippery)
- Easy installation: simply put the panels on the posts, get the octagon angles right, dynabolt it to your floor and setup the floor and canvas.

## RXN WUSHU GLOVES

## GREEN HILL IMMAF APPROVED MMA GLOVES

SIZE:- S to XL

### Spec-Sheet:-

- MMA gloves made of high-quality synthetic leather that are approved by the International Mixed Martial Arts Federation (IMMAF) are a great choice for both competition and training purposes. These gloves are designed to provide optimal performance and protection for MMA fighters, while also meeting the safety standards set by IMMAF.

## GREEN HILL OFFICIAL MMA KIT "AIR" FOR KIDS

SIZE:- S to XL

### Spec-Sheet:-

#### • MMA Gloves

Made of high quality synthetic leather with inside cotton material lining, stitched lucidly with high quality durable threads, with black piping for reinforcement, special design fits well with hands and firm grip around fingers. To prevent accidental eye pokes. Increased padding in the amateur gloves compared to the typical professional model lowers incidence of lacerations IMMAF Approved.

#### • Shin Guards

Grappling style Hybrid Shin guards with neoprene backing have been adopted for IMMAF rather than Muay Thai style to prevent them from coming off during tussles on the ground. Changes in design have included in the material, from an embossed plastic and fabric combination to full neoprene IMMAF Approved.

#### • Rash Guard and Shorts

The Rash guard and Shorts is Made of Top Quality Lycra elasticated material, with elegant Simulated Authentic Green Hill Design, IMMAF Approved.

## GREEN HILL SHIN INSTEP PAD IMMAF RED

### Spec-Sheet:-
